

Strengthening global leadership in radiopharma logistics

Radio Pharma Logistics Group to rebrand as Life Couriers

Loos, France (14. February 2025) – Radio Pharma Logistics Group (RLG) announces a significant milestone in its journey as it celebrates the 20th anniversary of its founding company ISOVital and unveils a strategic rebranding that will unite its subsidiaries under a single brand. Going forward, RLG will be known as Life Couriers Radiopharma Europe, with its subsidiaries – ISOVital and ISOLife in France and Isotopes Services International in Belgium - operating under the single brand name of Life Couriers. Having become part of the Life Couriers Group in December 2023, the rebranding is the next step in strengthening Life Couriers' global brand presence.

This comprehensive rebranding reflects the Life Couriers commitment to streamlined operations and a bold vision for the future of radiopharmaceutical logistics. As a leader in temperature-controlled and time-sensitive deliveries, Life Couriers is committed to providing unparalleled solutions that meet the ever-evolving needs of the healthcare and life sciences industries.

Honoring the Legacy of ISOVital

The rebranding coincides with the 20th anniversary of ISOVital, the founding pillar of what has become a leading specialty logistics group. ISOVital has been at the forefront of radiopharmaceutical logistics, setting industry standards and touching countless lives through its commitment to precision and care. The move to a unified brand comes at a pivotal time as the company celebrates 20 years of unwavering dedication to excellence. With this transition, Life Couriers' Radiopharma line of business is poised to strengthen its global presence while maintaining the personalized service and innovative logistics solutions its customers have come to trust.

Claude Poliart, CEO of RLG, explains: "Significant efforts were needed to create the RLG Group with ISOVital, ISOLife and Isotopes Services International, and it is very satisfying to realize today the contribution of our Group to help people live longer through a full commitment to our key and loyal partners and customers. Over the past 20 years, ISOVital has built a legacy of trust, precision and innovation. The future of the rebranded group looks even brighter, thanks to its new global footprint and commitment to supporting our customers. Today, as we embark on this new chapter, we remain committed to pushing the boundaries of what is

possible in radiopharmaceutical logistics.”

"This rebranding is more than just a name change," adds Stefan Glebke, CEO of Life Couriers. "It represents our evolution as a company. By bringing all entities under the Life Couriers name, we are creating a unified and stronger platform to serve our partners in the radiopharmaceutical industry and beyond. This milestone 20th anniversary is the perfect occasion to reaffirm our commitment to excellence and innovation".

The rebranding underscores Life Couriers' vision of seamless integration and operational efficiency across its network. Despite the name change, customers can expect the same unwavering commitment to quality, with enhanced synergies across the global logistics portfolio. From state-of-the-art tracking solutions to expert handling of sensitive materials, Life Couriers continues to set the standard in radiopharmaceutical logistics.

All offerings and services of RLG will continue as usual under the new name, and all positions will be retained.
